DESCRIPTION

Spacious Commercial Property with Residence in a Prime Location in the Heart of Turnhout

Are you looking for a versatile property with countless possibilities? This surprisingly spacious building, currently set up as a commercial space with an integrated residence, offers a unique opportunity to combine living and working in one location.

The ground floor boasts an exceptionally large commercial area, ideal for a wide range of business activities. Thanks to its flexible layout, internal walls can easily be modified or repositioned to suit your specific needs—perfect for use as a retail space, office, practice, or studio.

Upstairs, the residential area is generously laid out and features multiple bedrooms, a cozy living room, and a fully equipped kitchen. Additional highlights include a spacious, partially covered terrace on the first floor and a lovely city courtyard at the rear—rare features for a centrally located property.

Situated on the vibrant Merodelei, a busy and highly visible arterial road, this property benefits from excellent exposure. It's just a stone's throw from Turnhout's central train station, offering great accessibility via public transport and major roadways. Shops, schools, and essential amenities are all within walking distance.

An extra advantage: the current interior setup can be taken over under **favorable terms**, if desired. What's more, in consultation, it is possible to **start using the property immediately after signing the preliminary agreement**, so your project can get underway without delay.

Approximately 80% of the furniture can be taken over free of charge, by mutual agreement. This also applies to the furniture in the residence; this can also be taken over without any compensation, provided that clear agreements are made between both partners.

In short, this is a property full of potential—offering space, flexibility, and a strategic location—ideal for anyone looking to combine business and living in the heart of Turnhout.
