The villa is a true masterpiece of modern architecture.

Welcome to this contemporary villa. A spacious entrance hall on cream-coloured natural stone flooring, high ceilings and large glass windows create a real WOW upon entering.

Discover the playful layout and enjoy this tour with us.

From the living room on French oak, you are always involved in the outdoors. Beautiful windows let natural light in beautifully and create calm and cosiness in the sitting area by the gas-fired fireplace.

The dining room is centrally located between the sitting area and the kitchen, and in the bay window the grand piano sits beautifully, but little ones can install a fun play corner here. The ceiling-high sliding windows draw life out onto the terrace in fine weather. Lovely sitting on the south-west. On rainy days, move up a few metres to the covered terrace. These terraces were completely renovated in 2022.

You can cook to your heart's content here. Steam kettle, grill, teppanyaki, deep fryer, microwave, hot air oven, cooker, double fridge and freezer, dishwasher, in short, everything.

You don't have to miss out on the outdoors here either. The large windows can be opened, allowing you to serve your guests lavishly on the terraces.

Of course, the kitchen includes a spacious pantry where provisions are amply stored. From the kitchen, easy access to the underground garage where there is ample space for 2 cars.

On the mezzanine floor is the master bedroom with dressing room and private bathroom. From here, access to the wellness area in the basement. We couldn't make it any easier for you, swimming a few lengths in the pool every morning, or pampering yourself every evening in the Finnish sauna, Turkish bath, plunge pool, jacuzzi or simply relaxing on the -1 terrace by the pool. Speaking of privacy. Hungry after a swim? Here too, the spiral staircase provides access to the kitchen.

The sleeping area is fully arranged on the first floor. The spacious landing is bathed in natural light and features 3 spacious bedrooms, bathroom with bathtub, shower and washbasin. The toilet is separate.

The roof extension dates from 2005 and offers many possibilities. It currently houses a real gym. Of course, this space can be used in a variety of ways. Think work, painting, etc....

Garden:

Around this villa we find a large sun terrace (225m<sup>2</sup>) overlooking the beautiful garden. Anything is possible here, laze or garden, play football or a game of cricket. Children can play here to their heart's content. The entire garden is childproof enclosed.

Garden tools and storage are neatly stored in the insulated garden sheds
