## DESCRIPTION

Unique villa designed by Lou Jansen on a spacious plot of over 3,000 m<sup>2</sup> in the residential area of De Lint

This exceptional property, designed entirely by architect Lou Jansen (Turnhout School), is located on a beautiful south-facing plot within walking distance of the De Liereman nature reserve. It also enjoys an excellent location, just a 25-minute drive from both Eindhoven and Antwerp.

The house is in need of complete renovation, but offers a wealth of possibilities thanks to its exceptional living area of 334 m<sup>2</sup> and versatile layout. Several interior walls can be moved, allowing you to redesign the spaces entirely to your liking.

The current layout includes a spacious, bright living room and a kitchen, both overlooking the beautiful back garden and sun-drenched terrace. On the ground floor, there is also a bedroom with an en-suite bathroom and direct access to the garden. At the front, there is an office space that can serve as an extra bedroom if desired.

Stairs on both the left and right sides of the house lead to the upper floor. Each side has two bedrooms and a shared bathroom.

The indoor garage has space for two cars. The south-facing garden also features several charming chalets in good condition.

In short, this is a unique renovation project that gives you the opportunity to completely customise an architecturally valuable home.
